PERSONAL PROFILE

Goal-oriented and disciplined .NET developer in training, with a strong background in customer service, IT, and operations. Experienced in working independently and collaboratively, both nationally and internationally. Proficient in C#, SQL, HTML, CSS, and JavaScript, with the ability to communicate effectively and train users.

WORK EXPERIENCE

NORTHMILL-FLO B2B OPERATIONS 2023-2024

B2B Technical Specialist

As a B2B specialist at Northmill, I acted as an intermediary between sales and customers, ensuring they received their ordered products (cash registers) and providing training for optimal usage. The role involved a lot of independent work, focusing on customer satisfaction and proper handling of their needs.

OFG, SPAIN NOV 2022- DEC 2022

IT-Intern

During my 5-week internship at OFG, I had the opportunity to install computers, manage administrative IT tasks, and communicate in English with Spanish-speaking colleagues.

ICA TORGHALLEN, MARIEFRED FEB 2022- SEP 2022

Department Manager

I started as a part-time employee at ICA and later had the opportunity to work as a summer employee, where I was responsible for the dairy department. It was both enjoyable and educational!
